

KOLLER AQUA ACTIVE

...transforms your water
into an energising
element!

Water flowing through natural magnetic fields is charged with energy thus regaining its natural properties.

The water invigorated by **KOLLER AQUA ACTIVE** feels soft and pleasant. After towel drying, your skin feels extremely smooth and the sensation is akin to having applied moisturiser.

Limescale is reduced and can be removed more easily, consequently minimising cleaning of fittings and bath.

Technical components such as pumps, jets, sealings and valves are less susceptible to faults.

tee

thread: S 62 x 3 mm
with shared screw nut
